

The Missing Middle—Federal Funding by Grade Span, Fiscal Year (FY) 2017

Source: Report from the U.S. Senate Committee on Appropriations, Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriation Bill, 2017

Notes: This analysis assumes that the FY 2017 mandatory funding level for CCDBG will be the same as FY 2016. SSAEG is a new program under the Every Student Succeeds Act of 2015. Since SSAEG has not been implemented yet, precise data on the distribution of these funds is not available. This analysis distributes SSAEG funds proportionally across birth-grade 5, grades 6-8, and grades 9-12. The TRIO allocation for grades 9-12 is based on the most recent available data on the distribution of funds across TRIO programs. For additional details about the methodology used to calculate federal funding at each level, see the Alliance for Excellent Education report [Never Too Late: Why ESEA Must Fill the Missing Middle](#).

The **Alliance for Excellent Education** is a Washington, DC-based national policy and advocacy organization dedicated to ensuring that all students, particularly those traditionally underserved, graduate from high school ready for success in college, work, and citizenship. www.all4ed.org
