# Christopher Cabaldon

President,

Linked Learning Alliance

A photograph of four people in a greenhouse setting. On the left, a woman in a grey sweater and a man in a blue shirt are looking towards the center. In the center, a woman in a red patterned shirt is smiling broadly and holding a shovel. On the right, another woman in a light-colored shirt is also smiling and holding a notebook. They appear to be engaged in a collaborative activity, possibly related to gardening or agriculture. The background shows the structure of a greenhouse with translucent panels.

# Guiding Vision for the Linked Learning Field

# BIG GOALS TO GUIDE THE LINKED LEARNING FIELD

---

**By the year 2020**

more underrepresented students:

- Will complete high school college and career ready
- Attain a career-ready postsecondary certificate or degree
- Be employed in a financially sustaining and personally relevant career

# PROGRESS TOWARD THE VISION

---

1. Building greater **demand for Linked Learning approach** among districts and postsecondary institutions.
2. Building greater **demand for Linked Learning grads** from employers and postsecondary institutions.
3. Developing a **quality standards and assessment system** to drive improvements in practice.

# PROGRESS TOWARD THE VISION

---

4. Building a **data system** to support improvements
5. Establishing a research agenda to better **understand and improve** the Linked Learning model.
6. Developing coordination among **capacity builders**
7. Testing the **efficacy** of a regional model.
8. Developing a **sustainable** governance.
