FUTURE READY SCHOOLS · WE SUPPORT FUTURE READY ·

Unleashing the instructional leadership of librarians to foster Future Ready schools

As schools seek to become Future Ready, it is necessary to identify and cultivate leadership beyond district and building leaders. School librarians lead, teach and support the Future Ready goals of their school and district in a variety of ways through their professional practice, programs and spaces. If properly prepared and supported, school librarians are well-positioned to be at the leading edge of the digital transformation of learning.

Future Ready Librarians is an expansion of the Future Ready initiative aimed at raising awareness among district and school leaders about the valuable role librarians can play in supporting the Future Ready goals of their school and district. Two guiding questions are central to Future Ready Librarians.

1. **How can librarians and libraries support Future Ready schools?**
2. **How can librarians and libraries become more Future Ready?**

Future Ready Librarians will provide resources, strategies, and connections for district leaders and librarians to be able to work together to promote and implement innovative learning opportunities for students.

LIBRARIANS
#futurereadylibs

Designs Collaborative Spaces
Use of Space and Time

Provides flexible spaces that promote inquiry, creativity, collaboration and community.

Builds Instructional Partnerships
Curriculum, Instruction and Assessment

Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation and the active use of technology.

Empowers Students as Creators
Curriculum, Instruction and Assessment

Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration and authentic, real-world problem solving.

Curates Digital Resources and Tools
Curriculum, Instruction and Assessment

Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develop the digital curation skills of others.

Facilitates Professional Learning
Personalized Professional Learning

Leads professional learning to cultivate a broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology competencies, etc.)

Ensures Equitable Digital Access
Technology and Infrastructure

Provides and advocates for equitable access to connectivity, digital devices, information, resources, programming, and services in support of the district's strategic vision.

Invests Strategically in Digital Resources
Budget and Resources

Leverages an understanding of school and community needs to identify and invest in digital resources to support student learning.

Cultivates Community Partnerships
Community Partnerships

Cultivates partnerships within the school and local community (families and caregivers, non-profit organizations, government agencies, public and higher education libraries, businesses, etc.) to promote engagement and a lifelong learning process.

Advocates for Student Privacy
Data and Privacy

Teaches and promotes student data privacy through their instruction and role as educational leaders.

Leads Beyond the Library
Collaborative Leadership

Participates in setting the district's vision and strategic plan for digital learning and fosters a culture of collaboration and innovation to empower teachers and learners.
