FUTURE READY LIBRARIAN SUPPORT STUDENT-CENTERED LEARNING

LITERACY

Inspires and supports the reading lives of both students and teachers
Creates inclusive collections that acknowledge and celebrate diverse experiences and provide instructional opportunities to empower learners as effective users and creators of information and ideas.

CURRICULUM, INSTRUCTION, AND ASSESSMENT

Curates Digital Resources
Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develops the digital curation skills of others.

Builds Instructional Partnerships
Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

Empowers Students as Creators
Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration, and authentic real-world problem solving.

PERSONALIZED PROFESSIONAL LEARNING

Facilitates Personalized Professional Learning
Leads professional learning to cultivate broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology).

ROBUST INFRASTRUCTURE

Ensures Equitable Digital Access
Provides and advocates for equitable access to collection tools using digital resources, programming, and services in support of the school district's strategic vision.

BUDGET AND RESOURCES

Invests Strategically in Digital Resources
Leverages an understanding of school and community needs to identify and invest in digital resources such as books and ebooks to support student learning.

COMMUNITY PARTNERSHIPS

Cultivates Community Partnerships
Cultivates partnerships within the school and local community (including families and caregivers, nonprofit organizations, government agencies, public and higher education libraries, businesses) to promote engagement and a community of readers.

DATA AND PRIVACY

Advocates for Student Privacy
Teaches and promotes student data and privacy through his or her instruction and role as an educational leader.

COLLABORATIVE LEADERSHIP

Leads Beyond the Library
Participates in setting the school district's vision and strategic plan for digital learning and fosters a culture of collaboration and innovation to empower teachers and learners.

USE OF SPACE AND TIME

Designs Collaborative Spaces
Provides flexible spaces that promote inquiry, creativity, collaboration, and community.

ACTS

Literacy & Reading Champions
Inspires & supports the reading lives of both students and teachers through a diverse collection, pulling together books, Pop-Up Storytimes, readers advisory, Skyping with authors, celebrations, clubs & more!

Technology Integration
Share & demonstrate how to use digital tools & apps within your classroom including storytelling, VR, coding, film & more! Will find & plan special online global connections. Student led tech club coming soon.

Information Literacy
Provides instruction & support for locating, evaluating and using information effectively including media & news literacy, research skills, and online resources from the AEA.

Digital Citizenship
Leads digital citizenship within the district by providing resources, instruction and support to empower all of our students to be digital leaders today and in the future.

SPECIAL FEATURES

Curate Resources
Leads in the selection, integration, organization & sharing of digital resources & tools to support teaching, learning & the curation skills of others.
*ASK us about Collections by Destiny. You will love what this special feature has to offer!

Collaborate & Co-Teach
Get together to plan, design & carry out amazing learning experiences for our students. This can be globally with others too.

Makerspaces & Making
Visit our Makerspace where we have a variety of coding, craft, building, robotic, filming, 3D printing and more materials, ideas, resources and a wonderful collection of books that tie into making. Makerspaces-to-Go & other materials available for students to check out. Workshops, clubs, contests and more!

Use the tickets we gave you to leave us a note or send an email to Shannon or Jessica to schedule a time to talk! We can't wait to feature you & your students in our productions too!

September 15'ish is International Dot Day!

Let's celebrate friends by connecting our DOTS and making our MARK on the world!

So many of us are already talking about connecting and doing fun things for DOT DAY so lets start our collaboration here.

Let's all create a **Dot Day MARK** below and find someone to pair with for International Dot Day to leave your mark.

Then use this Google Document to start connecting with others, brainstorming, planning, and setting up your schedule for all of the Dot Day celebrating you are going to do.

Library Media Resources and Technology Presentation 2019-20 (Elementary Students)

Hi there,

As I have been visiting classrooms this week, I have been sharing a Google Presentation that includes links to the Library/Technology site and Symbaloo.

I wanted to share it with everyone here too. Please make sure you have these bookmarked on your own laptop as well. And I will continue to help our students get these bookmarked too.

Once our iPads are here, we can use the QR codes in the slides to make widgets on them as well.

Let me know if I can help with anything. :)

MIGHTY LITTLE LIBRARIAN

Tiffany Whitehead's Blog

HOME ABOUT ME DIGITAL PORTFOLIO & PRESENTATIONS

BACK TO SCHOOL WITH GOOSECHASE

August 13, 2018 - librariantiff

We are back at school and I'm having a blast kicking off visits to the library with my middle school classes using the GooseChase App for library orientation.

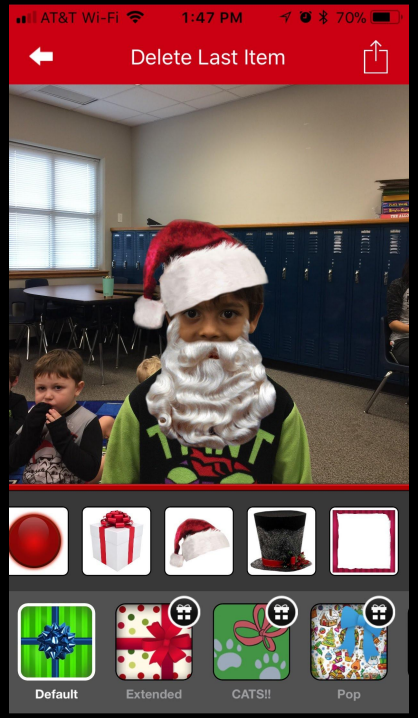
GooseChase allows you to organize and run scavenger hunts in which teams must document the completion of a series of tasks, or missions. You can require submissions that are text, photo, or video. They have a Game Library where you can find some initial inspiration and think about how to best structure your game.

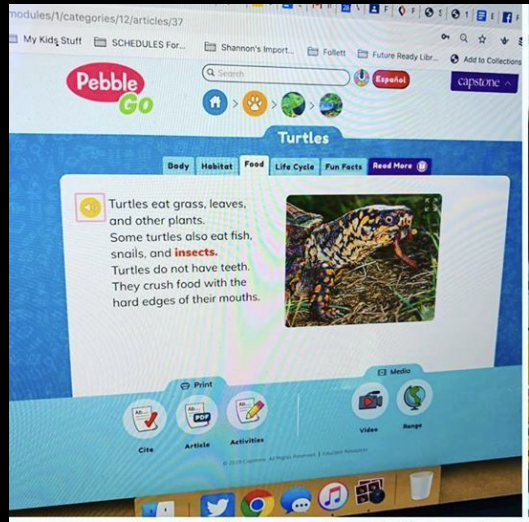
I'm starting my time with the students running through a brief overview of our library with this presentation:

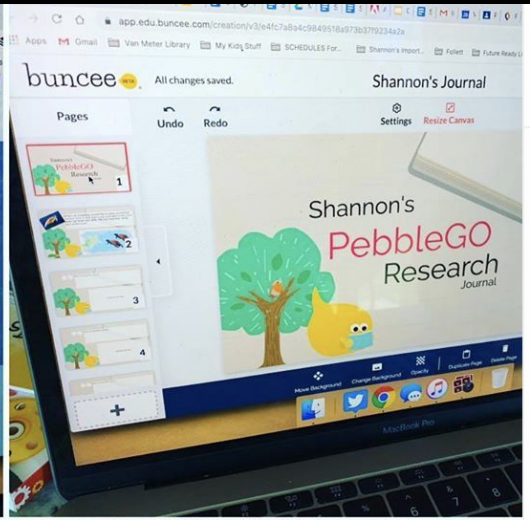
ABOUT ME

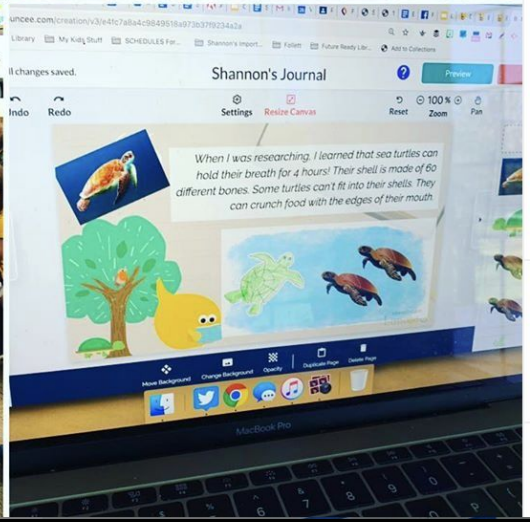
Tiffany Whitehead is a school librarian

Have fun with Technology!









shannonmmiller
Van Meter Schools

shannonmmiller Today, we kicked off our @buncee #PebbleGo Research Journal project with our 2nd graders at @vanmeterschools 🎉🎉🎉 They will be using their digital journals to write, draw, document and share what they are researching and learning in PebbleGo all year long. They'll even add video and voice/sounds to their interactive journals.
The kids can't wait! 😊

Here are a few important keys to share!

Future Ready Schools® Leadership Institutes 2019

Maximizing Equitable Opportunities

Future Ready Schools® (FRS) Leadership Institutes are FREE two-day professional learning events designed to support district teams of three to nine people in creating policies, procedures, and practices that empower school and district leaders to transform teaching and learning in their school and/or district.

The leadership institutes will inspire, invigorate, and inform district teams with a wealth of information and resources that will support their Future Ready efforts. District teams will collaborate to build regional networks of like-minded colleagues, generate feedback on practices, articulate actionable next steps, and identify resources to take their learner-centered strategies to the next level.

Attendees will leave the leadership institute with a better understanding of the following:

- "Equity of opportunities" in the context of digital transformation
- The FRS Framework and free resources as essential components of a successful digital conversion
- Strategies to articulate a vision for student-centered learning
- Enhanced capacity across each FRS strand to change the culture, increase collaborative leadership, and develop a district/schoolwide program
- How to create a vision for digital transformation in your school or district

SEPT. 11–12
NASHVILLE, TN

SEPT. 24–25 MANCHESTER, NH

OCT. 1–2
SEATTLE, WA

OCT. 7–8
CLEVELAND, OH

OCT. 21–22
AUSTIN, TX

DEC. 3–4
SOUTHERN CA

Enroll now in the ISTE U Course: Exploring Future Ready Librarianship. This 15-hour, self-paced course, developed in collaboration with Future Ready Librarians™, is for K-12 librarians who are ready to take the next step as Future Ready Librarians to lead beyond the library.

For more information about the course, please visit the ISTE U FRL course page for more information or to enroll. Enrollment for the fall session is open until October 21, 2019.

LIBRARY PRACTICES

Exploring Future Ready Librarianship: Practices for the Emerging Leader

Course Description:

Librarians play an essential role in bringing teaching and learning into the digital age. The new breed of librarian still helps students with research and finding the perfect resource, but today they're often found showing students how to use technology, helping learners detect whether information is from a trustworthy source, and facilitating schoolwide training on edtech.

Though Exploring Future Ready Librarianship: Practices for the Emerging Leader, you'll reflect on current librarian and media specialist practice; identify areas for professional inquiry and growth; explore the Future Ready Librarians™ framework; and create and implement a personal action plan to lead from the library. This course is designed to maximize student-centered learning opportunities and help districts leverage technology as part of the Future Ready Schools® Initiative.

This is a 15-hour, self-paced course with ongoing instructor support.

Course Dates:

Fall 2019 Session: October 14 - December 8
Enrollment period: ***Now until October 21****

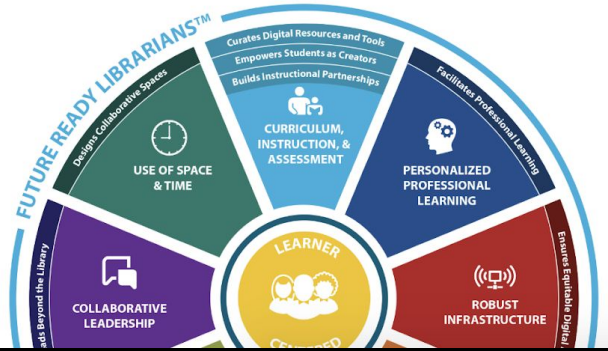
Future Ready Librarians™



Unleashing the instructional leadership of librarians to foster schools that are future ready

As schools seek to become future ready, it is necessary to identify and cultivate leadership beyond district and building leaders. School librarians lead, teach, and support the Future Ready goals of their school and district in a variety of ways through their professional practices, programs, and spaces. If properly prepared and supported, school librarians are well-positioned to be at the leading edge of the digital transformation of learning.

Future Ready Librarians® is an expansion of the Future Ready Schools® initiative aimed at raising awareness among district and school leaders about the valuable role librarians can play in supporting the Future Ready goals of their school and district. Two guiding questions are central to Future Ready Librarians®:

Article
http://futureready.org/program-overview/librarians/

An essential component to becoming Future Ready, is making a digital learning plan before purchasing technology. The Interactive Planning Dashboard offers districts a five-step collaborative planning process. Upon completion, districts have a complete digital learning implementation plan, full of research-based strategies, including

Monthly Themes

Each month, our library selects a theme to focus its literacy efforts. We market via hall posters, social media, weekly bulletins to parents and staff and daily announcements to students. In October, we embraced the obvious...horror genre, incorporating it into our annual Teens DO Read celebration. This theme brought to fruition through themed book displays, students sharing original ghost stories and their most recent reads, selecting donated and weeded books for their home libraries ("Take a Book as a Treat") and enjoying a book talk with an author. Our November theme is "War and Peace". A dual focus on the world wars and building peacemaking skills.

Be Visible & Lighten Others' Loads

I check in with teachers face-to-face regularly and attend all subject-area meetings (unless a class is booked then). I come with ideas to enrich discussions rather than waiting to be asked. I love co-teaching with colleagues and planning units together. I want to make sure that the support I give enriches the learning targets while always being respectful of each teacher's unique style and

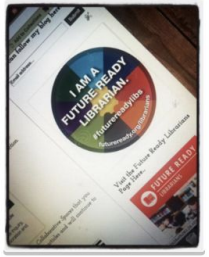
Future Ready Librarian Wedge Padlet

Fueling Future Ready Librarians!

Let's Stay Connected, Informed & Inspired! Summer 2019

Welcome, Future Ready Librarians!



I hope you had a terrific spring and are on your way to a summer of learning, connecting and a little refresh too.

With all of the amazing things being shared for Future Ready Librarians, I thought it would be helpful to bring it all together in one spot for you this summer and all year long.

Over the summer we will have updates and additions to the exciting work of Future Ready Librarians, and things we are celebrating and focusing on this summer and into the fall.

Let's use this as a place to stay connected to news, upcoming events, resources and of course, each other. Please let me know if there is something you'd like me to add to this Smore newletter. My contact information is at the bottom.

And if you haven't subscribed to the Future Ready Librarians Newsletter yet, please read this post to find out how you can sign up today.

Together, let's lead within and beyond the library and make a difference this year for our students, communities and ourselves. We are Future Ready Librarians, friends.

Have a terrific summer, Shannon

FUTURE READY LIBRARIAN SUPPORT STUDENT-CENTERED LEARNING

LITERACY

Inspires and supports the reading lives of both students and teachers
Creates inclusive collections that acknowledge and celebrate diverse experiences and provide instructional opportunities to empower learners as effective users and creators of information and ideas.

CURRICULUM, INSTRUCTION, AND ASSESSMENT

Curates Digital Resources
Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develops the digital curation skills of others.

Builds Instructional Partnerships
Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

Empowers Students as Creators
Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration, and authentic real-world problem solving.

PERSONALIZED PROFESSIONAL LEARNING

Facilitates Personalized Professional Learning
Leads professional learning to cultivate broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology).

ROBUST INFRASTRUCTURE

Ensures Equitable Digital Access
Provides and advocates for equitable access to collection tools using digital resources, programming, and services in support of the school district's strategic vision.

BUDGET AND RESOURCES

Invests Strategically in Digital Resources
Leverages an understanding of school and community needs to identify and invest in digital resources such as books and ebooks to support student learning.

COMMUNITY PARTNERSHIPS

Cultivates Community Partnerships
Cultivates partnerships within the school and local community (including families and caregivers, nonprofit organizations, government agencies, public and higher education libraries, businesses) to promote engagement and a community of readers.

DATA AND PRIVACY

Advocates for Student Privacy
Teaches and promotes student data and privacy through his or her instruction and role as an educational leader.

COLLABORATIVE LEADERSHIP

Leads Beyond the Library
Participates in setting the school district's vision and strategic plan for digital learning and fosters a culture of collaboration and innovation to empower teachers and learners.

USE OF SPACE AND TIME

Designs Collaborative Spaces
Provides flexible spaces that promote inquiry, creativity, collaboration, and community.
