FUTURE READY LIBRARIAN SUPPORT STUDENT-CENTERED LEARNING

LITERACY

Inspires and supports the reading lives of both students and teachers
Creates inclusive collections that acknowledge and celebrate diverse experiences and provide instructional opportunities to empower learners as effective users and creators of information and ideas.

CURRICULUM, INSTRUCTION, AND ASSESSMENT

Curates Digital Resources
Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develops the digital curation skills of others.

Builds Instructional Partnerships
Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

Empowers Students as Creators
Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration, and authentic real-world problem solving.

PERSONALIZED PROFESSIONAL LEARNING

Facilitates Personalized Professional Learning
Leads professional learning to cultivate broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology).

ROBUST INFRASTRUCTURE

Ensures Equitable Digital Access
Provides and advocates for equitable access to collection tools using digital resources, programming, and services in support of the school district's strategic vision.

BUDGET AND RESOURCES

Invests Strategically in Digital Resources
Leverages an understanding of school and community needs to identify and invest in digital resources such as books and ebooks to support student learning.

COMMUNITY PARTNERSHIPS

Cultivates Community Partnerships
Cultivates partnerships within the school and local community (including families and caregivers, nonprofit organizations, government agencies, public and higher education libraries, businesses) to promote engagement and a community of readers.

DATA AND PRIVACY

Advocates for Student Privacy
Teaches and promotes student data and privacy through his or her instruction and role as an educational leader.

COLLABORATIVE LEADERSHIP

Leads Beyond the Library
Participates in setting the school district's vision and strategic plan for digital learning and fosters a culture of collaboration and innovation to empower teachers and learners.

USE OF SPACE AND TIME

Designs Collaborative Spaces
Provides flexible spaces that promote inquiry, creativity, collaboration, and community.

CURRICULUM, INSTRUCTION, AND ASSESSMENT

Curates Digital Resources

Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develops the digital curation skills of others.

Builds Instructional Partnerships

Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

Empowers Students as Creators

Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration, and authentic real-world problem solving.

PERSONALIZED PROFESSIONAL LEARNING

Facilitates Personalized Professional Learning

Leads professional learning to cultivate broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology).

The “NEW” Digital Citizenship

Because digital citizenship is a critical skill for today’s students and tomorrow’s leaders, we must beginning redefining the concept while giving students the skills they need to be empowered, active participants in both physical and digital communities.

The DigCitCommit Coalition

The movement is supported by organizations committed to giving educators the tools to teach a new definition of digital citizenship.

Visit digcitcommit.org/partners to learn more!

DigCitCommit

We're redefining **digital citizenship** by focusing on five competencies:

DigCitCommit

Digital citizens are...

- ***Inclusive***
- ***Engaged***
- ***Alert***
- ***Informed***
- ***Balanced***

Join the movement
to redefine what it means
to be a digital citizen.

DigCitCommit

I'm inclusive.

I am open to hearing and respectfully recognizing multiple viewpoints, and I engage with others online with respect and empathy.

Learn more at digcitcommit.org

DigCitCommit

I'm informed.

I evaluate the accuracy, perspective and validity of digital media and social posts.

Learn more at digcitcommit.org

DigCitCommit

I'm engaged.

I use technology and digital channels for civic engagement, to solve problems and be a force for good in both physical and virtual communities.

Learn more at digcitcommit.org

DigCitCommit

I'm balanced.

I make informed decisions about how to prioritize my time and activities online and off.

Learn more at digcitcommit.org

DigCitCommit

I'm alert.

I am aware of my online actions, and know how to be safe and create safe spaces for others online.

Learn more at digcitcommit.org

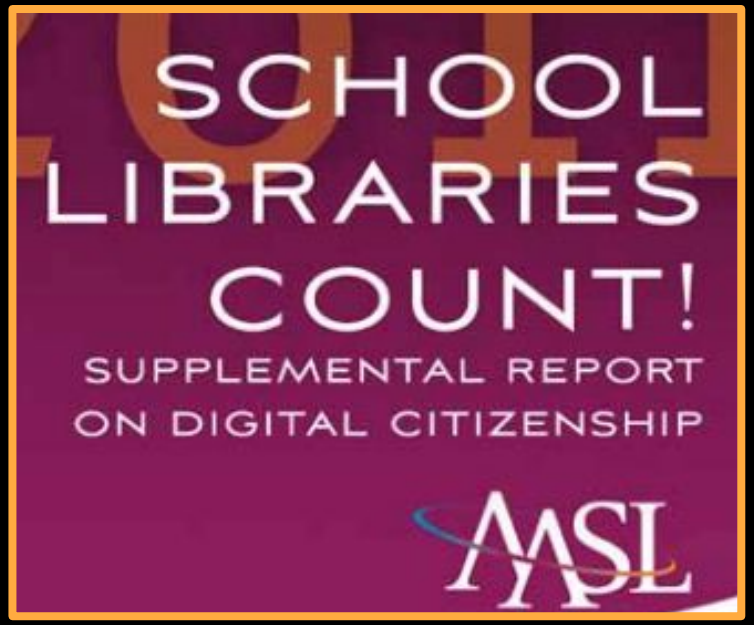
Librarians: Digital Citizenship Champions!



American Association of School Librarians (2011)

Survey data from the American Library Association shows that 70% of digital citizenship instruction is happening in the school library program, and 52% of the instruction is being delivered by the school librarian in isolation from other adults in the school

A 2019 statewide survey in Utah shows that:

- 47% of digcit *planning* is owned by the school librarian
- 59.9% of respondents believe the librarian *should be responsible for planning* digcit education in some capacity
- 69.9% believe the *librarian should be responsible for teaching* digcit either alone or in collaboration with teachers.

Phillips & Lee, *School Library Research* (2019)

Let's Hear From An Empowered **Digital Citizen!**

DIGITAL CITIZENSHIP

comes from

SHARING your story with the world

the LIVBITS
@TheLivBits

LIVBIT DEFINITION OF DIGITAL CITIZENSHIP

1. Be a good person.
2. Be a critical thinker.
3. Be an advocate for something you care about.

DIGITAL CREW

A group of people online I can tag if the social media waters get rough. They are my **FIRST RESPONDERS** if someone is a goober to me.

GUARDIAN SHARK

Someone you can trust online to help you in tricky situations

the LIVBITS
@TheLivBits

SONG LYRICS

Staying Safe Online

Stay safe online by being smart.
Think with your head and with your heart.
Think with your heart. Stay safe online.
Don't share too much. Only post what's kind.

Your name, your age, or where you live
is not info that you should give.
Keep special dates, and passwords too,
as secrets that are just for you.

The online world is really large.
Your grown-ups help you stay in charge.
Beware of strangers you don't know.
If something's not right, tell a grown-up so.

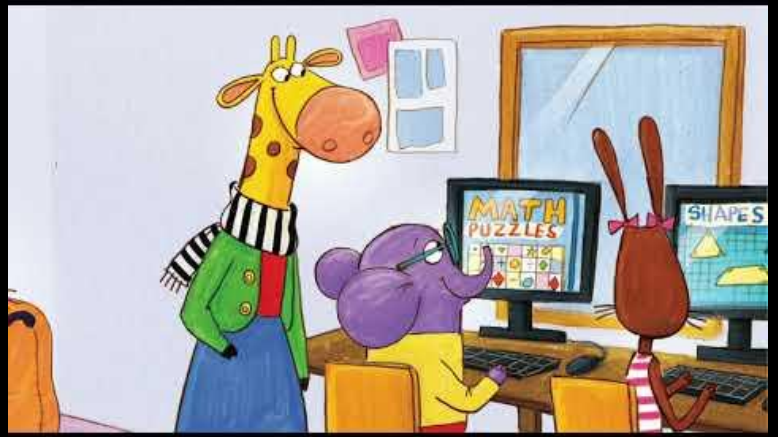
Stay safe online by being smart.
Think with your head and with your heart.
Think with your heart. Stay safe online.
Don't share too much. Only post what's kind.

Check out sites that your grown-ups okay.
Ask an adult if it's safe to play!
Games are great for learning too.
Make sure they are right for you.

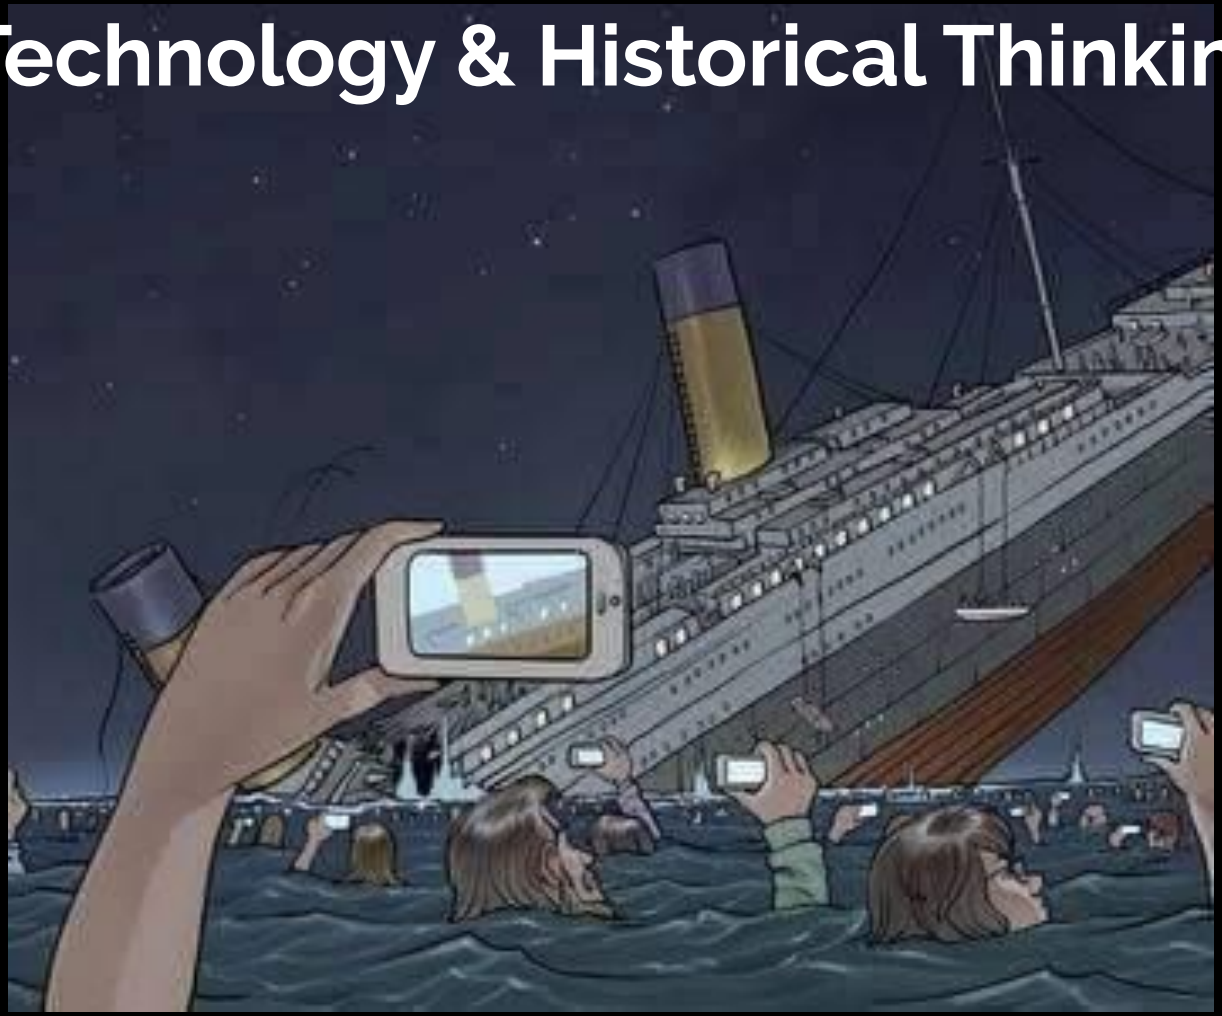
It's always okay to ask for help.
That's how we learn to help ourselves!
Technology is fun. It's true!
And staying safe is up to you.

Stay safe online by being smart.
Think with your head and with your heart.
Think with your heart. Stay safe online.
Don't share too much. Only post what's kind.

Stay safe online by being smart.
Think with your head and with your heart.
Think with your heart. Stay safe online.
Don't share too much. Only post what's kind.

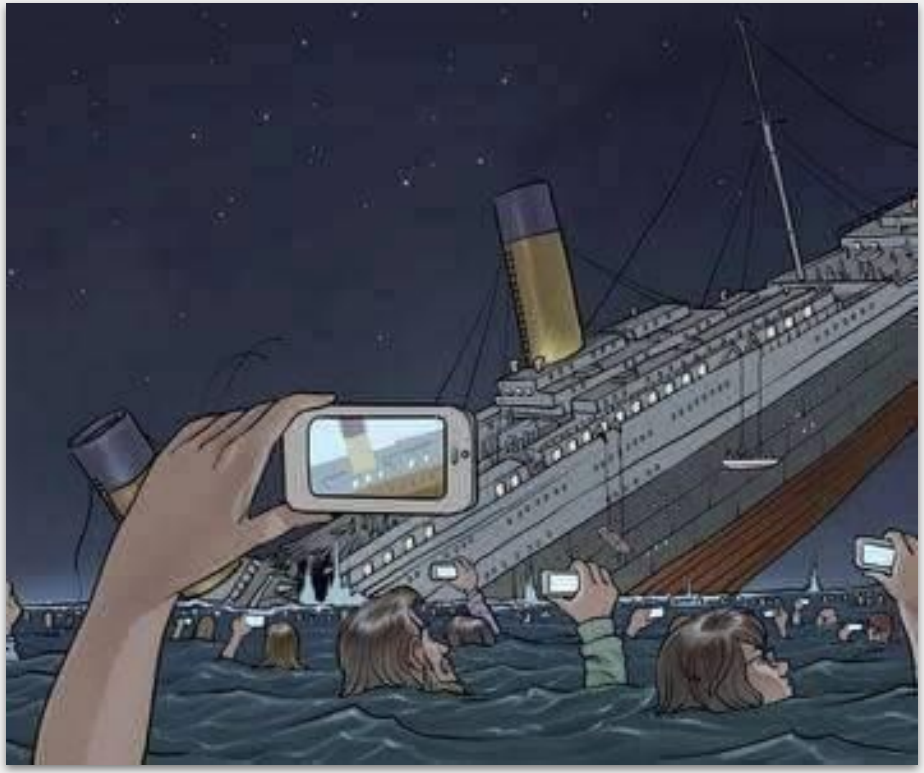


Technology & Historical Thinking



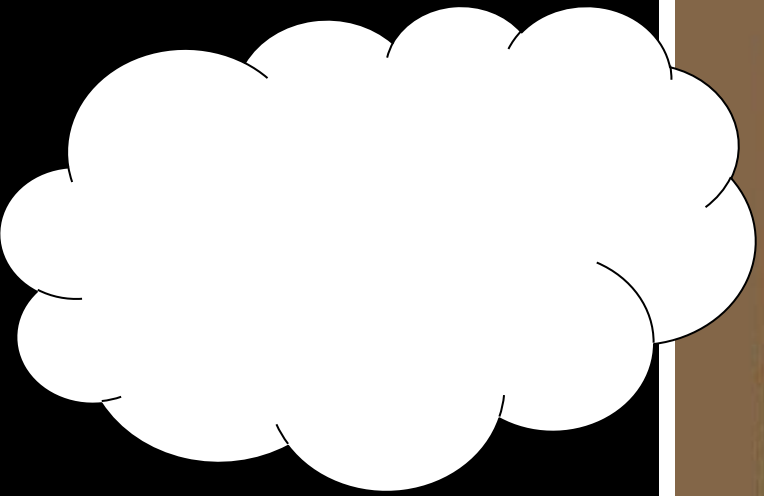
Technology & Historical Thinking

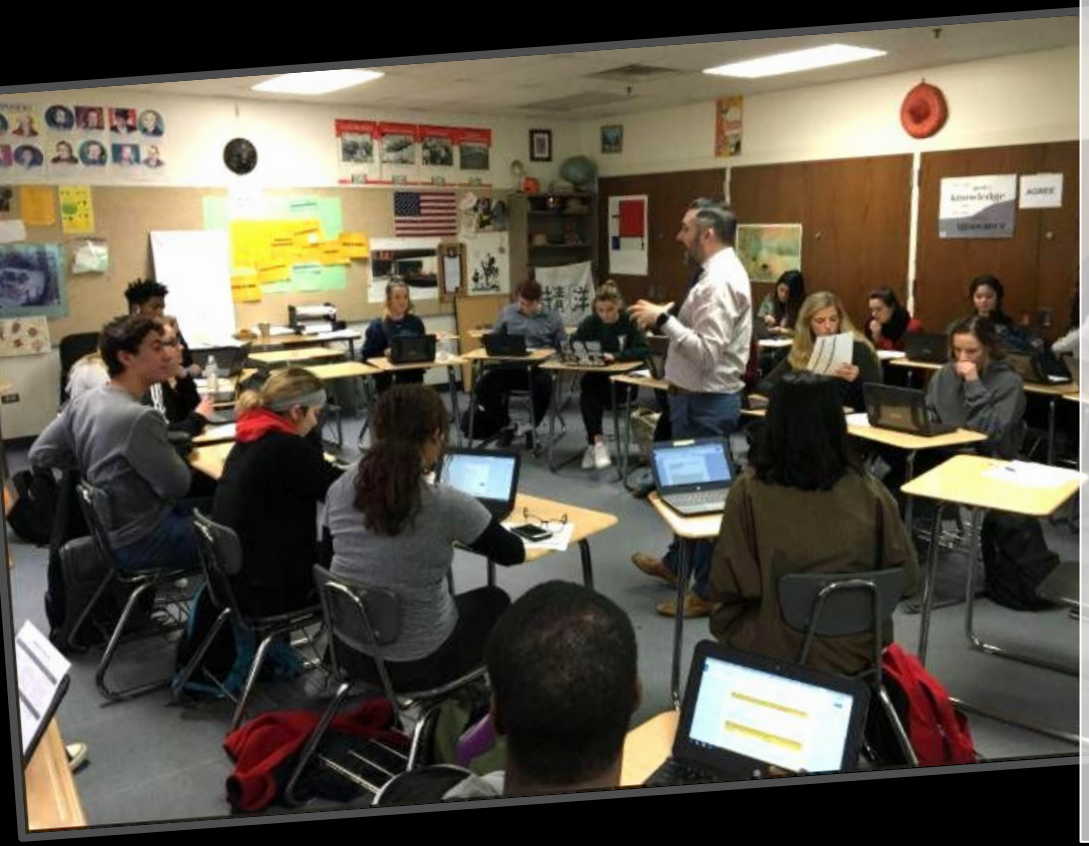
- What is this artist trying to say about our society? Do you agree or disagree?
- How might our understanding of historical events (like the sinking of the Titanic) be different if cell phones always existed?
- What would future generations learn from the images & video you regularly capture?



#CaptionThis

#CaptionThis





- Activism vs. Slacktivism
- Media Bias and Political
- Socialization
- Privacy vs. Security in a Digital Age

Sentence Frames

- Reading about ____ led me to think about _____.
- Thank you ____, for your viewpoint. I agree because___.
- While ___ said ___, I believe ___ because____.

VAN METER
We have parades.

Be Internet Awesome.
Helping kids be safe, confident explorers of the online world.
WATCH VIDEO
Play your way to Internet Awesome.
EXPLORE INTERLAND

THE FUNDAMENTALS

The Internet Code of Awesome

BE INTERNET SMART

Share with Care

Good (and bad) news travels fast online, and without some forethought, kids can find themselves in tricky situations that have lasting consequences. The solve? Learning how to share with those they know and those they don't.

Communicate Responsibly

- ✓ Encourage thoughtful sharing by treating online communication like face-to-face communication; if it isn't right to say, it isn't right to post.
- ✓ Create guidelines about what kind of communication is (and isn't) appropriate.
- ✓ Keep personal details about family and friends private.

BE INTERNET ALERT

Don't Fall for Fake

It's important to help kids become aware that people and situations online aren't always as they seem. Discerning between what's real and what's fake is a very real lesson in online safety.

BE INTERNET STRONG

Secure Your Secrets

Personal privacy and security are just as important online as they are offline. Safeguarding valuable information helps kids avoid damaging their devices, reputations, and relationships.

BE INTERNET KIND

It's Cool to Be Kind

The Internet is a powerful amplifier that can be used to spread positivity or negativity. Kids can take the high road by applying the concept of "treat others as you would like to be treated" to their actions online, creating positive impact for others and disempowering bullying behavior.

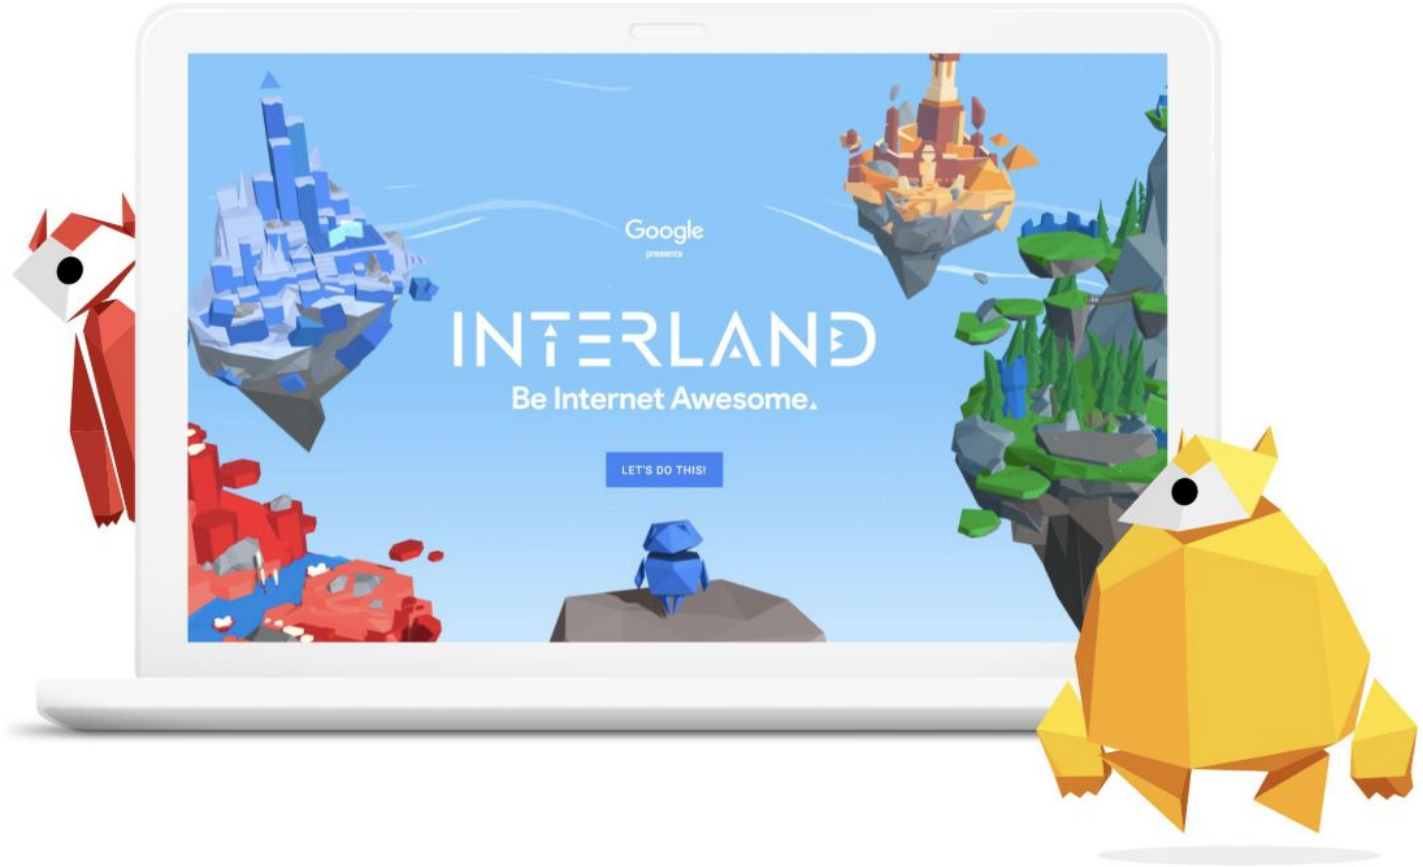
BE INTERNET BRAVE

When in Doubt, Talk It Out

One lesson that applies to any and all encounters of the digital kind: When kids come across something questionable, they should feel comfortable talking to a trusted adult. Adults can support this behavior by fostering open communication at home and in the classroom.

TOOLS & RESOURCES

Play Safe.
Learn Safe.
Stay Safe.



Be Internet Awesome Curriculum

Educators teaching online safety in the classroom can download lesson plans that have received the ISTE Seal of Alignment and classroom activities that bring the fundamental lessons to life.

DOWNLOAD

Be Internet Awesome Pledge

Parents driving the online safety conversation at home can encourage the entire family to get on the same page by reviewing the fundamentals and taking this pledge together.

We Can Help Kids Be Good Digital Citizens

Knowing the basics of good digital citizenship is essential for today's kids—and far too important to be stuck behind a paywall. That's why we've teamed up with Google on Be Internet Awesome, a free, dig cit curriculum with everything teachers need to help kids learn to be safe, more confident explorers of the online world.

Pear Deck educators worked with Google to create custom, interactive presentations to accompany the Be Internet Awesome lessons. Designed for use in the classroom, each presentation provides teachers with a simple way to introduce a concept related to digital literacy and guide students through related activities.

Developed with experts in online safety

iKeepSafe ConnectSafely Smart Socializing Starts Here™ Family Online Safety Institute ISTE Readiness Seal of Alignment

Be Internet Awesome Resources

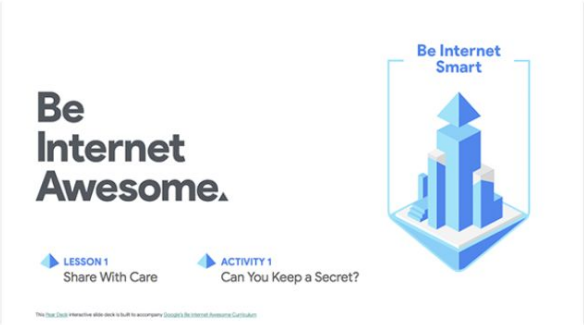
Be Internet Awesome provides educators with the best available teaching tools to help students become responsible digital citizens. We're making it easier than ever to get the materials you need to start teaching dig cit. With one click, you can install the full Be Internet Awesome curriculum for you, your department, school, or district.

The resources include:

- Comprehensive Teaching Guide
- Ready-to-teach Pear Deck lessons
- Vocabulary lists ready to play in Flashcard Factory
- Recognition materials including Badges and Certificates
- The Safety Pledge for kids and parents to review and sign

Installing the curriculum creates a folder in your Google Drive that can be shared with anyone! It's that easy to get started with implementing digital safety lessons.

Install Be Internet Awesome



Resources

The Be Internet Awesome curriculum gives educators the tools and methods they need to teach digital safety fundamentals. Included in the curriculum are lesson plans, and activities.

Lessons

Skip the worksheets and use these ready-to-teach presentations powered by Pear Deck. Each deck blends direct instruction, self-paced activities, and classroom discussion prompts.

Recognition

Proof of Internet awesomeness comes in the form of an official certificate and badge for each lesson. Get the certificates, badges, and pledge when you install the curriculum.

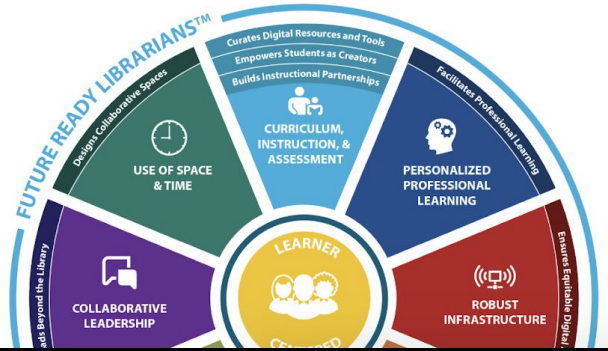
Future Ready Librarians™



Unleashing the instructional leadership of librarians to foster schools that are future ready

As schools seek to become future ready, it is necessary to identify and cultivate leadership beyond district and building leaders. School librarians lead, teach, and support the Future Ready goals of their school and district in a variety of ways through their professional practices, programs, and spaces. If properly prepared and supported, school librarians are well-positioned to be at the leading edge of the digital transformation of learning.

Future Ready Librarians® is an expansion of the Future Ready Schools® initiative aimed at raising awareness among district and school leaders about the valuable role librarians can play in supporting the Future Ready goals of their school and district. Two guiding questions are central to Future Ready Librarians®:

Future Ready Schools® Leadership Institutes 2019

Maximizing Equitable Opportunities

Future Ready Schools® (FRS) Leadership Institutes are FREE two-day professional learning events designed to support district teams of three to nine people in creating policies, procedures, and practices that empower school and district leaders to transform teaching and learning in their school and/or district.

The leadership institutes will inspire, invigorate, and inform district teams with a wealth of information and resources that will support their Future Ready efforts. District teams will collaborate to build regional networks of like-minded colleagues, generate feedback on practices, articulate actionable next steps, and identify resources to take their learner-centered strategies to the next level.

Attendees will leave the leadership institute with a better understanding of the following:

- "Equity of opportunities" in the context of digital transformation
- The FRS Framework and free resources as essential components of a successful digital conversion
- Strategies to articulate a vision for student-centered learning
- Enhanced capacity across each FRS strand to change the culture, increase collaborative leadership, and develop a district/schoolwide program
- How to create a vision for digital transformation in your school or district

LIBRARY PRACTICES

Exploring Future Ready Librarianship: Practices for the Emerging Leader

Course Description:

Librarians play an essential role in bringing teaching and learning into the digital age. The new breed of librarian still helps students with research and finding the perfect resource, but today they're often found showing students how to use technology, helping learners detect whether information is from a trustworthy source, and facilitating schoolwide training on edtech.

Though Exploring Future Ready Librarianship: Practices for the Emerging Leader, you'll reflect on current librarian and media specialist practice; identify areas for professional inquiry and growth; explore the Future Ready Librarians™ framework; and create and implement a personal action plan to lead from the library. This course is designed to maximize student-centered learning opportunities and help districts leverage technology as part of the Future Ready Schools® Initiative.

This is a 15-hour, self-paced course with ongoing instructor support.

Course Dates:

Fall 2019 Session: October 14 - December 8
Enrollment period: ***Now until October 21****

ENROLL NOW

Spring 2020 Session: February 10 - April 5
Enrollment period: ***Now until February 17****

ENROLL NOW

Summer 2020 Session: June 8 - August 30
Enrollment period: ***Opens December 9****

Course Details:

- Grade Level: K - 12
- Course Length: 15 hours
- Cost: $186 Member / $249 Non-member
- Course Style: asynchronous with instructor

ENROLL A GROUP

This course developed in collaboration with Future Ready Librarians and with support from Follett.

Enroll now in the ISTE U Course: Exploring Future Ready Librarianship. This 15-hour, self-paced course, developed in collaboration with Future Ready Librarians™, is for K-12 librarians who are ready to take the next step as Future Ready Librarians to lead beyond the library.

For more information about the course, please visit the ISTE U FRL course page for more information or to enroll. Enrollment for the fall session is open until October 21, 2019.

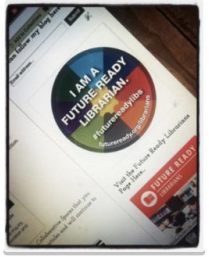
Fueling Future Ready Librarians!

Let's Stay Connected, Informed & Inspired! Summer 2019

Welcome, Future Ready Librarians!



I hope you had a terrific spring and are on your way to a summer of learning, connecting and a little refresh too.

With all of the amazing things being shared for Future Ready Librarians, I thought it would be helpful to bring it all together in one spot for you this summer and all year long.

Over the summer we will have updates and additions to the exciting work of Future Ready Librarians, and things we are celebrating and focusing on this summer and into the fall.

Let's use this as a place to stay connected to news, upcoming events, resources and of course, each other. Please let me know if there is something you'd like me to add to this Smore newletter. My contact information is at the bottom.

And if you haven't subscribed to the Future Ready Librarians Newsletter yet, please read this post to find out how you can sign up today.

Together, let's lead within and beyond the library and make a difference this year for our students, communities and ourselves. We are Future Ready Librarians, friends.

Have a terrific summer, Shannon

FUTURE READY LIBRARIAN SUPPORT STUDENT-CENTERED LEARNING

LITERACY

Inspires and supports the reading lives of both students and teachers
Creates inclusive collections that acknowledge and celebrate diverse experiences and provide instructional opportunities to empower learners as effective users and creators of information and ideas.

CURRICULUM, INSTRUCTION, AND ASSESSMENT

Curates Digital Resources
Leads in the selection, integration, organization, and sharing of digital resources and tools to support transformational teaching and learning and develops the digital curation skills of others.

Builds Instructional Partnerships
Partners with educators to design and implement evidence-based curricula and assessments that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

Empowers Students as Creators
Encourages and facilitates students to become increasingly self-directed as they create digital products of their learning that engage them in critical thinking, collaboration, and authentic real-world problem solving.

PERSONALIZED PROFESSIONAL LEARNING

Facilitates Personalized Professional Learning
Leads professional learning to cultivate broader understanding of the skills that comprise success in a digital age (e.g., critical thinking, information literacy, digital citizenship, technology).

ROBUST INFRASTRUCTURE

Ensures Equitable Digital Access
Provides and advocates for equitable access to collection tools using digital resources, programming, and services in support of the school district's strategic vision.

BUDGET AND RESOURCES

Invests Strategically in Digital Resources
Leverages an understanding of school and community needs to identify and invest in digital resources such as books and ebooks to support student learning.

COMMUNITY PARTNERSHIPS

Cultivates Community Partnerships
Cultivates partnerships within the school and local community (including families and caregivers, nonprofit organizations, government agencies, public and higher education libraries, businesses) to promote engagement and a community of readers.

DATA AND PRIVACY

Advocates for Student Privacy
Teaches and promotes student data and privacy through his or her instruction and role as an educational leader.

COLLABORATIVE LEADERSHIP

Leads Beyond the Library
Participates in setting the school district's vision and strategic plan for digital learning and fosters a culture of collaboration and innovation to empower teachers and learners.

USE OF SPACE AND TIME

Designs Collaborative Spaces
Provides flexible spaces that promote inquiry, creativity, collaboration, and community.
